Subject: Representation on the West Tamar Draft Local Provisions Schedule - C. Eckersley and I. McKenzie

Attention: West Tamar Planning Authority

We are the owners of the 84 ha conservation property on Badger Head Road, Badger Head (PID 6095485, Title Ref. 8108/2) in the West Tamar municipality (730 Badger Head Rd, Badger Head).

In the currently exhibited West Tamar Draft Local Provisions Schedule our property has been rezoned as Rural. As 92 % of this property is covered by the Badger Head private reserve and has therefore been identified by both the State and Commonwealth for protection and conservation of the biodiversity it contains, it should be rezoned to Landscape Conservation.

In its representation Conservation Landholders Tasmania has presented a detailed case for rezoning our property. We support their case and agree to our property being rezoned to Landscape Conservation.

Could you please acknowledge receipt of our representation?
