To whom it may concern,
I am writing in respect to the revised proposed zoning Sorell Draft Local Provisions Schedule (LPS) for my property at 241 Burnt Hill Rd, Bream Creek, 7175. On the basis of the property lot size, land capacity and existing use we do not believe the property aligns with the purpose or usage of the Agricultural Zoning and would request the Council reviews this categorisation.
I would appreciate the opportunity to provide representation and would be more than happy to further discuss this matter with you.
Kind Regards
Mark Scanlon
