Dear Mr McElwaine

LAUDERDALE QUAY DEVELOPMENT PROPOSAL PROJECT OF STATE SIGNIFICANCE

Thank you for your letter dated 21 September 2009.

The Commission has received the attached document dated 21 September 2009, from the Clarence Council.

The Commission considers, as part of its statutory duty to consult with the Council in preparation of the Draft Integrated Assessment Report, that it should have regard to Council's letter in the course of preparation of the report.

Could you please advise whether your client wishes to respond to the matters raised in that letter prior to the completion of the report, or whether it would prefer to address them by way of response to the draft report once it is published.

Yours sincerely

Carol Hughes
Manager
