Subject: Ralphs Bay Development

Dear Sir/ Madam

As a small business owner and resident of Lauderdale, i would like to voice my support for the proposed development at Ralphs Bay.

I feel the positives this development brings are invaluable to Lauderdale, The Eastern Shore and Tasmania as a whole.

In Lauderdale itself, the introduction of safe recreational areas for young families, potential employment opportunities, improved infrastructure, roads and walkways (especially around the primary school)are just a couple of examples.

From a small business point of view, the development will create another destination for people to want to travel to the Eastern shore, as well as the potential income from the residents of the marina itself. All of which boost confidence in these difficult economic times as well as supplying short and long term employment.

As a proud Tasmanian and a supporter for managed preservation, i am also conscious of the environmental issues this proposal challenges but feel a balance between preservation and development can be found.

I trust in the RPDC to make a decision based on the strict guidelines in place and if Walkers Corp. are willing to meet these standards, I feel they should have our total backing.

Kinds Regards

Angela. F
