Subject: Rezoning of 911 Halls Track Rd Pelverata

To whom it may concern,

My name is Natalie Rivers and I am writing to you in regards to the proposed rezoning changes that are going to occur in the Huon region.

I own a property at 911 Halls Track Rd Pelverata, where I have resided for over 10 years. It is currently zoned under Rural Resource, and looks like it is to be rezoned as Rural.

As I only recently found out about the proposed changes, I have not had time to engage a planner to review how this will affect our property, current and future plans and use, or property value, and therefore whether I agree that these changes are appropriate or not. I would hereby like to request that council accept this email as my submission to the LPS planning changes and that I be given the opportunity to provide more detail and undertake a face to face review with the Tasmanian Planning Commission in the near future to review any impacts these changes in zoning will have on my property.

Thank you

Kind Regards

Natalie Rivers
