Subject: Other Housing Developments and Bushland pathway
Attachments: Housing Developments.jpg

Attention Delegates.

Regarding: Draft Amendment AM 2022.01 and permit PA2022.0024 - Middle Road, Miandetta

The 'Housing Development' image attached is to correspond with my Response letter, and numbers explained below:

1. From the air, you can clearly see the now-gone decades-old Melaleuca ericafolia wetlands forest still in place. However if you attempt to see the Street View on live Google Maps, of the same address: 130 Stony Rise Road, (and zoom in to read the two signs) you get something very different. A housing development.
2. Proposed housing development 57a Berrigan Road.
3. Marconi Court housing development.
4. A side street running off from Stony Rise Road
5. The remaining bushland strip leading from Kelcey Tier to the river.

In response to DCC Authorities stating: "Don't we have enough green spaces?"

My response is: "Don't we have enough housing developments hastily rising up at the cost of our natural resources?"

Regards,
Jennifer Rowlands.
