Apologies for that!

While there are many individual and technical reasons to be opposed to a new stadium, My objection is more about how the money spent could help those in tassie living rough with no affordable housing, as well as others in need.

We need more affordable housing, not another stadium, especially as we already have two in good condition

While we have people living in tents or cars through lack of housing , often with children, it is insulting to the people of Tasmania that their government thinks the needs of elite footballers are more important than that of the locals.....

Sincerely,  
Beris Hansberry
