I object to the stadium for the following reasons. HAVING READ THE CONTRACT THAT OUR PREMIER SIGNED ON MY BEHALF I realize that he didn,t even read it before he signed no person in their right mind would have signed a blank cheque as he has done, before the rest of the government members had had a chance to see the document to see if their constituents en mass agreed to what we were siging up for. With many of our residents homeless people dying for the lack of health providers and the gavernment blaming it on lack of funds. If we don,t have the funds to fix these important problems where are we going to get the money for the training facility and a covered stadium not to mention all the other out of pocket expences in the future?
