Dear TPC,

Integrated Assessment for proposed Stadium at Macquarie Point

I support the decision of the parliament to send the stadium proposal to a POSS assessment process, only if it is conducted in good faith, with integrity, and includes scrutiny through the lens of the Tasmanian people.

I have read and fully endorse the submission made by Our Place - Hobart.

I am particularly concerned that there be full disclosure of all communications between government, the AFL and all consultants

I share Our Place's concerns about the Government's attempts to limit input to this process by the imposition of very short timelines

I want the guidelines to highlight the the State Government's role in ensuring long-term traffic planning for the citizens of Hobart

I want the guidelines to give proper weight to the expressed need for meaningful Aboriginal reconciliation at the Mac Point site

I want the guidelines to ensure that more than just government appointed consultants such as PwC (PricewaterhouseCoopers) are engaged in the assessment process

I don't want the guidelines to reflect an assumption that Tasmanians can't have AFL and AFL teams without having a costly, overbearing incongruent stadium at Mac Point

I want the guidelines to ensure that all project consultants be at arm's length from the Tasmanian Government

I want the guidelines to set out requirements for photo montages that show Tasmanians realistic images of the proposed stadium and its overwhelming impact

I want the guidelines to give proper weight to considerations impacting on the quality of life of Hobart residents who live and or work in the vicinity of Mac Point

Yours faithfully,

David Page
