Dear TPC,

**Integrated Assessment for proposed Stadium at Macquarie Point**

I share Our Place -Hobart's concerns that there be full disclosure of all communications between government, the AFL and all consultants, that the Government's has attempted to limit input to this process by the imposition of appalling timelines, that the guidelines should highlight the State Government's role in ensuring long-term traffic planning for the citizens of Hobart instead of contorting traffic routes as a knee-jerk response to a stadium proposal, that the guidelines MUST give proper weight to the expressed need for meaningful Aboriginal reconciliation at the Mac Point site, that the guidelines ensure that no discredited consultants such as PwC (PricewaterhouseCoopers) are engaged in the assessment process, that the guidelines do not reflect an assumption that Tasmanians can't have AFWL and AFL teams without having a costly, poorly-planned and ugly stadium at Mac Point, that the guidelines ensure that all project consultants be at arm's length from the Tasmanian Government, that the guidelines set out requirements for photo montages that show Tasmanians realistic images of the proposed stadium and its overwhelming impact, that the guidelines give proper weight to considerations impacting on the quality of life of Hobart residents who live in the vicinity of Mac Point.

I have read and fully endorse the submission made by Our Place - Hobart.

Yours faithfully,

Mark Hosking
