Dear TPC,

**Integrated Assessment for proposed Stadium at Macquarie Point**

I am particularly concerned that:

- there be full disclosure of all communications between government, the AFL and all consultants,
- about the attempts to limit input to this process by the imposition of appalling timelines
- the guidelines to highlight the the State Government's role in ensuring long-term traffic planning for the citizens of Hobart instead of contorting traffic routes as a knee-jerk response to a stadium proposal
- the guidelines to ensure that no discredited consultants such as PwC (PricewaterhouseCoopers) are engaged in the assessment process
- the guidelines should not reflect an assumption that Tasmanians can't have AFL and AFL teams without having a costly, poorly-planned and ugly stadium at Mac Point
- the guidelines to ensure that all project consultants be at arm's length from the Tasmanian Government
- the guidelines to set out requirements for photo montages that show Tasmanians realistic images of the proposed stadium and its overwhelming impact
- the guidelines to give proper weight to considerations impacting on the quality of life of Hobart residents who live in the vicinity of Mac Point

I have read and fully endorse the submission made by Our Place - Hobart.

Yours faithfully,

T McKENZIE
