Dear TPC,

Integrated Assessment for proposed Stadium at Macquarie Point

Whilst I am not opposed to the general idea of Hobart acquiring a multi-purpose stadium I am strongly opposed to the proposed location as being totally unsuitable for a stadium of this scale being built within a historically significant low rise colonial waterfront architectural precinct, if built this will spoil the Hobart Waterfront character & vistas for decades to come and I believe Hobart citizens will forever regret this having been built at this location, surely there are several more appropriate less historically significant sites that could suit the location of a multi-purpose stadium with better main roads access and parking availability,

I have read and fully endorse the submission made by Our Place - Hobart.

Yours faithfully,

Richard Bilinski
