Subject: Unequivocal Support for the proposed Macquarie Point Stadium

Categories: [REDACTED]

[REDACTED]

Dear Sir,

I wish to convey my unequivocal support for the proposed guidelines for the development of a multi-purpose stadium to be built at Macquarie Point. A stadium suitable for entertainment, sporting, cultural, corporate and the community would be completely beneficial to Tasmania, keeping Tasmania up with the times and squarely represented on the map of Australia.

I concur with the TICT regarding their support and personally I wish to see young families not leaving the state in search of better opportunities as we lack substantial growth and development for future generations.

In summary, I strongly support this multipurpose stadium being built at Macquarie Point.

Kind regards
Vicki Saunders
