Subject: Rosny Hill re-zoning

Clarence City Council,  
Dear Sir/Madam,

I support the proposed change to make Rosny Hill an area zoned as 'Environmental Management'. This area is a much loved walking area and it is important to restore and manage its natural habitat. This adds to the enjoyment of the area for those using it appropriately.

As hilltop areas become fewer and fewer in Clarence municipality due to development, preservation of natural heritage is critical. It is important to maintain natural habitat and preserve existing native plants, and habitat for animals and birds.

The proposed change to 'Environment Management' would help achieve this.  
Thank-you for considering this.  
Kind regards,

Sally Attrill (13 Petchey st, Bellerive ph 0409441379)
