Dear Sir,  
REZONING ROSNY HILL

Having lived at Rosny for more than 60 years,  
we are very much in support of the rezoning  
of Rosny Hill to Environmental Management.

Allowing building on the higher parts of  
the hill would destroy the advantages the  
area provides in keeping the tops of hills  
"clothed" in trees. There has already been  
far too many instances around Hobart of  
skylines & higher areas of the hills being  
denuded for financial gain.
