Dear Sir,

Re: Proposal: Rosny Hill Nature Recreation Area: rezoning to the
Environmental Management Zone
Planning Scheme Amendment PDPSAMEND-2021/022803

We have been residents/owners/occupiers in Kellatie Road since 1978. Our property adjoins Rosny Hill.

Since 1978 the original management of Rosny Hill changed and the level of basic maintenance of this area has deteriorated from what had been well looked after to a very sad state of affairs.

Rosny Hill is a beautiful area on the Eastern Shore close to the City of Hobart and it seems absolute sacrilege to see it constantly becoming an overgrown and weed infested area.

It should also be treasured for its flora and fauna species because once that has gone it will be impossible to reinstate.

Visitors to Rosny Hill enjoy the panoramic views of the City of Hobart and Kunanyi/Mt Wellington from its natural environment.

We are therefore very much in favour of Rosny Hill being rezoned to the Environmental Management Zone to be more appropriately cared for.

Yours faithfully,

David and Elizabeth Macrow
