Dear TPC,

Integrated Assessment for proposed Stadium at Macquarie Point

I have read and fully endorse the submission made by Our Place - Hobart.

I am particularly concerned that there be full disclosure of all communications between government, the AFL and all consultants. I also share Our Place's concerns about the Government's attempts to limit input to this process by the imposition of appalling timelines.

I want the guidelines to highlight the State Government's role in ensuring long-term traffic planning for the citizens of Hobart instead of contorting traffic routes as a knee-jerk response to a stadium proposal. The guidelines must give proper weight to the expressed need for meaningful Aboriginal reconciliation at the Mac Point site. The guidelines must also ensure that no discredited consultants such as PwC (PricewaterhouseCoopers) are engaged in the assessment process.

I don't want the guidelines to reflect an assumption that Tasmanians can't have AFWL and AFL teams without having a costly, poorly-planned and ugly stadium at Mac Point, and want the guidelines to ensure that all project consultants be at arm's length from the Tasmanian Government.

The guidelines must set out requirements for photo montages that show Tasmanians realistic images of the proposed stadium and its overwhelming impact on its proposed location.

To be fit for purpose, the guidelines must give proper weight to considerations impacting on the quality of life of Hobart residents who live in the vicinity of Mac Point.

Yours faithfully,

Colin Chick
