

8th January 2024

Mr John Ramsay (Executive Commissioner)
Tasmanian Planning Commission
Level 3, 144 Macquarie St
Hobart TAS 7001

Dear Mr Ramsay,

RE: TasNetworks Submission to Macquarie Point Multipurpose Stadium - Project of State Significance - Draft Guidelines

TasNetworks supports the contents of the draft guidelines dealing with utility services (Section 9.3) and has some suggestions for inclusion.

TasNetworks considers that in addition to that already contained in the draft guidelines the reports to be prepared for utility services should also discuss, assess and demonstrate that:

- Considerations has been given to staging of connections and augmentation required for each stage;
- Interactions and interdependencies between utility assets has been assessed;
- The provision of construction supply for each development stage has been addressed, and;
- Interactions with local property owners and authorities/bodies has been considered.

TasNetworks will continue to engage positively with all relevant stakeholders via the Macquarie Point Enabling Infrastructure Group as the project proceeds through the assessment phase.

Yours faithfully,

Anita Bourn
