Dear Sir/Madam,

I have attached a file for your inspection.

Regards, Neil Allison.

Re-zoning of property

Dear Sir/Madam,

In response to your email. I would prefer that the whole of the property be classed as Rural Living.

1/ Having the property annexed is devaluing my property.

2/ Having approximately half my property being classified Landscape Conservation, I believe, would require me to be responsible as a caretaker of the property for the Government. Both physically and monetarily without me really owning that part of the property.

3/ These issues would make it difficult to sell the property and would require me to drop the value.

It's ok for someone at the stroke of a pen or the press of a key to make someone else lose money or property. But this does not make it right!
I ask that some consideration be provided.

Sincerely, Mr Neil Allison
