Dear Sir/Madam,

I refer to the letter from the Tasmanian Planning Commission ref DOC/26/36829 of April 2 2026.
We advise we are content with the recommended zoning of 'Rural Living' for our property at [REDACTED]

Please regard this as a formal submission to TPC.

We also advise that That we are Not content to be zoned Landscape Conservation and were not aware of this proposed change until the process was very far advanced.

We did not receive any formal advice from Kingborough Council regarding the LCZ proposal and it was brought to our attention by Caleb Elcock.
