I wish to make a representation regarding the draft LPS.  
Please be advised that I join in the representation made by Anna Pafitis.  
Please treat her representation as shared by me.  
I have attached Anna's representation together with the LPS Review (Heritage) which Anna commissioned.

My principal concern is the lack of researched and documented information about the Tasman Peninsula on which to base planning decisions, this documentation should include as a minimum the following:

- Land Use Plan to define the Local Area Objectives;
- Scenic Protection Assessment;
- Local Heritage & Cultural Assessment (First Nations & European); and
- Bio-diversity Assessment to define the Natural Assets Code.

Kind Regards,

Paul Sutton
