To the General Manager,

Please consider this email a representation from TasWater regarding the Latrobe Council Draft Local Provisions Schedule (LPS).

The below table is land containing TasWater infrastructure (specifically a water storage that fits the definition of Utilities) that we consider should be zoned Utilities:

NAME	TYPE	SERVICE	VOLUME	FOLIO	PROPERTY_ID	PROPERTY_ADDRESS_LINE_1	PROPERTY_ADDRESS_LINE_2
St Louis Drive Reservoir	Reservoir	Water	17618	9	6526417	ST LOUIS DR	PORT SORELL TAS 7307

TasWater are of the opinion that treatment plants for both water and sewer, and water storages should be zoned as Utilities, but pump stations are suited to the underlying/surrounding zoning remaining in place.

Regards
