I wish to congratulate the Circular Head Council on proposing amendments to the LPS with the intention of recognising and protecting the extraordinary scenic assets of the municipality. I am a resident of north-west Tasmania and travel regularly to the Circular Head area for the very purpose of recreating along the coastline between Rocky Cape and Marrawah. I also recommend to family and friends who visit Tasmania from the mainland and overseas that they visit the area because of its unique scenic and environmental values. The report prepared by Inspiring Place articulates the scenic attributes of this stretch of coastline well and resonates with the values that I hold. I find the contiguous multifaceted natural coastline to be unmatched anywhere else. This stretch of coastline represents a tremendous asset to the communities located in the municipality, the people of Tasmania, and Australia. Consequently, I strongly support the proposed creation of SPAs for the Circular Head Gateway Corridor, Stanley Peninsula, Coastal Estuaries and Wetlands, and Marrawah.
