Dear TPC,

### **Integrated Assessment for proposed Stadium at Macquarie Point**

I find it most disturbing that the decision that Tasmania needs this stadium has been made behind closed doors, but a group of people who have their own agenda, without public consultation. This is in spite of the fact that Tasmanians are ones who will be paying for this unwanted and unneeded structure, through their taxes, for many years. Money that should be used to address far more important problems, such as underpaid and understaffed health services, public schools, and aged care facilities. Tasmania vies with the Northern Territory for the worst performance of school age students, and the public hospitals continue to face code red situations because of lack of funding. Surely that far outweighs building an unwanted stadium, especially since there are facilities already in place that are suitable.

I have read and fully endorse the submission made by Our Place - Hobart.

Yours faithfully,

Annick Anselin
