Dear TPC,

Integrated Assessment for proposed Stadium at Macquarie Point

I have read and fully endorse the submission made by Our Place - Hobart.

In addition to endorsing the My Place submission, I request that the Commission considers whether a stadium is the highest and best use for this particular parcel of land. A football stadium does not benefit from and does not need to be located on a prime waterfront position. There are many other uses for this land which would be enhanced due to the waterfront location and this land should be made available for them. This site is best suited to residential development, rather than a stadium which will be empty most of the time and when it is fully occupied, all eyes will be on the game and not so much on the waterfront views....

Yours faithfully,

Lyn Wallace
