Hi Iain,

We have no issue with the Commission directive to Council as this change make no difference to our original SPAN conditions and we don't reference that folio reference number.

Cheers

To whom it may concern,

As per the attached, the Commission directed Council to amend the proposed amendment. I have attached the certified instrument as well as TasWater's original SPAN.

If you are able to provide any comments as soon as practical it would be greatly appreciated.

Kind Regards,

Iain More
