Subject: Chambroad Hotel proposed development

Dear TPC members

I am a resident of Clarence. I am deeply disturbed that the proposed development of the Kangaroo Bay site has been taken away from the local community and handed to an unelected committee. I want to register my objection to a proposed hotel by the Chambroad developers on Kangaroo Bay. We want a development that benefits the local community and I do not believe a hotel is suitable for this iconic spot. Our Bellerive foreshore is very lovely. We do not want a hotel there.

Sincerely

Sue Todd
