Subject: Submission Kingborough Draft LPS

Concerning:
Title: [REDACTED]
Address: [REDACTED] Kettering
Exhibited: Landscape Conservation
Proposed: Rural Living

We are writing to support the recommendation of the Ireneinc Report that our property should be zoned as **Rural Living**.

In support of this we point out that that ours is one of only two lots in the street proposed for Landscape Conservation. The other six lots are already zoned Rural Living.

Further, our lot and the neighbouring lot have substantial conservation covenants protecting more than 50% of each lot.

With kind regards

Gregory and Beverley Hitchens
