Dear Kingborough Council,

We're writing to show our support for the recommendations in the Ireneinc report, and to ask that our property be zoned as Rural Living in line with those recommendations.

After going through the report, we feel it takes a sensible and balanced approach to planning in the area. It reflects how the land is already being used and recognises the importance of keeping the rural character and environmental values that make this area what it is.

Our property is already used in a way that fits with rural living, and we intend to keep it that way. Rezoning it as Rural Living would better reflect its current use and give us more certainty moving forward, while still protecting the character of the surrounding area.

We think this change would be a fair and practical outcome, and consistent with what the report is aiming to achieve.

Thanks for considering our request.

Kind regards,

Kelly McGunigle
