**Subject:** Macquarie Point Multipurpose Stadium Assessment - Consultation

Dear Craig,

I write further to my letter of 11 April on the assessment process for the Macquarie Point Multipurpose Stadium. That letter referred to the obligation of the Assessment Panel to consult with the Department of State Growth (DSG) in the preparation of the draft integrated assessment report.

The Panel appointed to undertake the assessment has requested that Commission undertake initial consultations with key agencies as part of the process to prepare the draft report.

The Commission has been advised that the Macquarie Point Development Corporation may submit documentation in response to the assessment guidelines in early August.

In anticipation of the receipt of that documentation, the Commission is keen to engage with DSG to establish arrangements for the Department's participation in the assessment process.

I would be pleased to meet with you to discuss what consultation arrangements would best suit the Department. The Commission would also like to establish formal contact arrangements that may be activated as soon as documentation is received from the Corporation.

If you could let me have a contact number, I will phone to make a suitable meeting time.

Thanks and regards,

John
