Subject: [REDACTED], South Launceston - Local Heritage places planning scheme amendment

You don't often get email from [REDACTED]. [Learn why this is important](#)

Sam Johnson OAM,
CEO City of Launceston.
Dear Mr. Johnson,

I am making a representation to you regarding the listing of [REDACTED], South Launceston as a local heritage place. File no. PSA-LLP0040

Does the listing include the entirety of the building or only the original structure?

Built in 1887 the four main rooms and front verandah of the home are in original condition but the 1950's extension at the rear of those four rooms is weatherboard lined with asbestos containing materials. It is our intention to remove those asbestos containing materials and rebuild the rear extension when funds permit.

Would a heritage listing prevent or unreasonably delay the remedial work we are planning? Your advice would be much appreciated.

Yours sincerely,
Lyn Taylor.
