Comments
We received a letter from Huon Valley Council dated 3 May 2022 informing us of the change of planning zone to our property from 'rural living' to 'landscape conservation' (title reference: 121159/1). We purchased our property - which (from memory) was zoned 'rural residential' - in 2000 in good faith that we would be able to sustainably harvest our own firewood and use the land's natural materials. We understand and deeply appreciate the environmental value of our land. We have not exploited it and we have maintained its natural value for the 21 years we have owned it. As we understand it, no compensation or reimbursement for the loss of market value to our land or for our use of our land has been discussed. We do not support the planning scheme changes to our property. We do not consent to these changes.
