Dear TPC,

Integrated Assessment for proposed Stadium at Macquarie Point

I personally believe a Stadium is not in all Tasmanians best interest. Having done some research and reading a lot of data and outcomes, the idea of a stadium doesn't meet the pub test. The main fact is the potential cost blowout, the amount required to maintain such a build and the inability to sustain this cost including the agreement with the AFL who appear to be blackmailing the Tasmanian public into a non viable contract.

I have read and fully endorse the submission made by Our Place - Hobart.

The HPG is another white elephant which only supports the selected few and not the general public as we have been informed that the 'teams' practice 11 months in a year. The other issue is that public land is being given away for \$1. Disgusting behaviour on behalf of the CCC who are not looking after the Clarence Municipality best interests and outcomes!

Yours faithfully,

Carol Barber
