

The planning office

Kentish Council

High street Sheffield Tasmania 7306

Mr W.C.Brooke

P.O.BOX 190 Sheffield 7306

Dear Sir /Madam.

I refer you to your recent letter introducing the Tasmanian state planning ministers proposed re-zoning boundaries.

My property is listed on your register as Lot 5 Kellys creek road Staverton. Zoned rural.

It is of concern that any change will impact on my present primary production interest and the extensive timber growth and possible harvesting of timber that exists on my land.

Accordingly I request a copy of the full and precise documents of intent relative to my land holding, including the appropriate overlay documents or series of overlays defining any proposal.

I trust you will treat my request with the urgency that I and my neighbours have expressed collectively.

Thankyou

W.C.Brooke
