Hi Anita – unfortunately it isn't a formal representation. It would be great if you could respond to the proposed changes – I've attached them for ease of reference. For your property it is proposed to include the whole property in the Landscape Conservation Zone and adjust the Priority Vegetation Area.

An email indicating whether you support the changes or not would be great.

Thank you
Michelle

Hi Michelle, do I need to do something about this or did my conversation with you and our request to change to environmental management zone count as our representation?
Thanks, Anita

Subject: Reminder - representations due Tuesday 3 May - Environmental Management Zone review

Good morning! Just a reminder, if you haven't already sent your representation regarding the proposed changes to the zoning of your property, representations are due tomorrow, Tuesday 3 May 2022.

Full details are [available here](#).

Even if you support the changes, it is important to make a representation so that the Tasmanian Planning Commission can take this into account when making their decision about the proposed zone changes.

Kind regards

Michelle Riley
