29th May 2022

ATT: General Manager Huon Valley Council

REF: Draft Huon Valley Council Provisions Schedule

We wish to make a submission against the draft changes to zoning on several of our titles at our property Norris Road Surveyor's Bay 7116.

The representation is in relation to all of Part (C) Nature of particular purpose zone, specific area plan, site specific qualification of the LPS.

A list of disputed titles as follows.

Title Reference

138477/3 This title is disputed because the cleared area makes up more of a percentage than vegetation area.

208395/1 This title is disputed because of the cleared area and an active certified F.P.P / TJW0335

208378/1 This title is disputed because of an active F.P.P / CWB0207

Changes to the classification of these titles will result in complications to the viability of the entire property, which the draft LPS clearly states it takes its information from.

Regards

.....

Mrs Betty J Norris

.....
