I wish to make a submission calling for the guidelines to be strengthened.

*I strongly feel the guidelines should include how the new stadium will meet other planning requirements such as:

- The Sullivans Cove Planning Scheme
- The Macquarie Point Site Development Plan
- The Macquarie Point Development Reset Master Plan
- The Aboriginal Heritage Act

*All consultants engaged by government in refining the guidelines should not have current connections to the government.

*An independently verified report with updated cost estimates of the stadium should be provided.

*There needs to be a report on future flood modelling taking into account sea level rise.

Yours sincerely,

Jane Lewis
