Dear Kath,

Thanks for your email which enclosed the Government information package in relation to proposed legislation for the approval of the Macquarie Point Multipurpose Stadium.

The information was provided to the Commission Delegates Panel at its meeting last Wednesday.

Referring to your letter of 27 May, the Commission notes with appreciation, your offer to ensure that the Commission is provided that with any material generated through the Government process that may be relevant to the Commission's processes.

It would be of assistance to establish formal arrangements whereby the availability of materials is made known to the Commission, so that the Commission can access the materials as required.

Michael Hogan, a Senior Planning Consultant in the Commission, who is managing the work program for the Delegates Panel, is available to liaise with whoever you nominate to establish appropriate arrangements.

As you are no doubt aware, documentation on formal steps undertaken in a Commission assessment process are published on the Commission website.

As a result this communication exchange will be published, as will any other documentation that provides information to the Delegates Panel for the purposes of its assessment.

The Commission looks forward to you further advice.

Best regards,

John
