Dear Mr Stretton

Tasmanian Planning Scheme - Hobart
Draft amendment PSA-25-3
Hobart Visitor Accommodation Specific Area Plan

I refer to your correspondence dated 1 July 2026 seeking an extension of time in which to submit the planning authority's report on the representations on the above draft amendment.

I understand the extension is sought to allow the report to be considered by the planning authority at its meeting scheduled on 26 August 2026.

As requested, an extension of time until **3 September 2026** is granted. This will enable the report to be considered by the planning authority and allow time for administration following the meeting.

It is a condition of the grant of this extension of time that all representors are advised in writing of the date the report is to be considered by the planning authority.

If you wish to discuss this matter further, please contact Tim Robins, Planning Adviser, on 6165 6824.

Yours sincerely

[redacted]
Samuel McCrossen
Senior Planning Adviser
