Attention General Manager,

Re - Clarence Draft Provisions Schedule

Dear Madam/Sir,

I am writing to support the proposed zone conversion for Cremorne and similar settlements to 'low density residential'. This reflects the wishes of the majority of residents and matches the style of existing residential buildings in Cremorne. It is in line with the character of this seaside village. It is also more suitable to the fragile coastal topography.

As history shows Cremorne has had strong opposition to two previous townhouse developments and one is again being proposed. These developments are unsuitable and a precedent does not want to be set.

I fully support Cremorne being re zoned 'low density residential'.

Yours faithfully
 Angela Nichols
