Hi Karen,

Thank you for your email on 10 November 2021 referring the abovementioned development.

Based on the information provided, the development is likely to adversely affect TasNetworks' operations.

TasNetworks has an existing high voltage feeder line passing directly through this lot which supplies electricity to a neighbouring property as shown in the below picture from our mapping system. Before any building works commence on site, the customer will be required to submit a negotiated connection application to TasNetworks to have this line relocated.

It is recommended the customer contact TasNetworks on 1300 137 008 should they have any questions in regards to the above advice.

Regards

Megan Loftus
