Dear TPC,

Integrated Assessment for proposed Stadium at Macquarie Point

Although I endorse the submission I wish to state that this is an inappropriate siting of a major stadium and Cambridge would be a better place as it is close to the airport and a full week of flights would be needed to fill a stadium such as this one and we all want to save carbon impacts. Also a associated training grounds could be sited alongside saving valuable open space in Bellerive from flat earth development!

I have read and fully endorse the submission made by Our Place - Hobart.

Yours faithfully,

Rainer Kurth
