Hobart 7001

Dear TPC,

Integrated Assessment for proposed Stadium at Macquarie Point

My position is presented to you as a resident, a parent and with family history of over 200 years in Tasmania and generations of AFL fans and players in my family including an All Australian. This development proposal and processes raise many concerns.

I have read and fully endorse the submission made by Our Place - Hobart.

In addition,

- I want the guidelines to reflect a separation between stadium and facility requirements and having Tasmanian AFL /AFLW team. That one is not conditional on the other.
- I want to see full transparency of communications and meetings between Government, AFL and development interests and consultants.
- I have returned to this place many times and feel love and connection when crossing the bridge, seeing the mountain and entering the beautiful landscape of Hobarts river and surrounds. It is unique and valuable. I want these guidelines to ensure development tdoes not remove that beauty and aestheti importance to locals and visitors alike.
- I want these guidelines to require a comprehensive and realistic transport and parking management assessment and plan that id done in alignment with other guidelines for transparency, impartiality and indigenous, historic and local respect.

Yours faithfully,

Diana Shaw
