Hello

I wish to express my strong objection regarding the Tasmanian Government's handling of this matter. The Clarence City Council had rejected this proposal in accordance with the wishes of ratepayers.

I wish the Tasmanian Government to respect the wishes of the people and the work of the Clarence City Council. Instead they have referred the matter to the Minister for Planning and an unelected Development Assessment Panel.

This comes across as undemocratic and arrogant.

I call for the proposal to be rejected outright, as it already had been.

Thanks for reading my submission.

Yours sincerely,

Penny Sowter.
