Subject: North West Transmission Upgrades Project . Attn: Mr Roger Howlett.

Dear Mr Howlett

I wish to lodge my dissatisfaction at the way this process has been prosecuted.

This project will increase the unusable easement on our property at [REDACTED], Havenview , Tas 7320 to 80 metres on either side of the transmission lines.

This takes the unusable land nearly up to my front door.

This will take out 50 percent or more of my land from my use.

This will destroy the value of our property by over 50 percent , if not more.

The compensation offered is atrocious to say the least.

And ludicrous.

Notwithstanding the devaluation from the massive increase in electromagnetic radiation from these monstrous towers/ overhead lines.

I wish to lodge an objection to this project.

Yours sincerely

Dr J Kotay.
