Dear Sirs,

We refer to your letter dated 2 April 2026 (your ref: DOC/26/36829) advising us of a recommended change in Zoning from Landscape Conservation to Low Density Residential, in a report prepared by consultant planners Ireneinc, to a parcel of land of which our property is part.

We totally support this recommendation.

This parcel of land is adjacent to the Boronia Hill Conservation Area, close to shops, schools, health care and recreational facilities and is ideally located for residential use.

If adopted, this recommendation would make possible, a small but positive addition to the residential supply in the Kingborough Council area of Tasmania.

Yours faithfully,

Michael Collyer & Julia Paull
