Subject: CM: Submission - Kingborough Draft LPS - [REDACTED]

Good morning,

We are writing regarding the Kingborough draft Local Provisions Schedule (LPS) and the Ireneinc report recommendations concerning our property at [REDACTED] Blackmans Bay.

We support the recommendation in the Ireneinc report to include the property within the **Rural Living Zone** as this more appropriately reflects the character and use of the area.

We do not support the application of the Landscape Conservation Zone to this property.

Thank you for the opportunity to provide a submission.

Many thanks,
Kerri and Emry
