Tasman LPS
14/3/21

I join in the representation made by Anna Pafitis, her representation is shared by me.
also- my property ID 6001311 should be zoned Landscape conservation, as should all properties between Nubeena rd and Norfolk Bay shore because of the scenic, vegetation, wildlife, landscape, and natural values.
also- the Tasman draft LPS in its present form should be scraped because it promotes exploitation instead of protection.
