Dear Mr Vos,

I am the owner of the 41.4 ha conservation property on Greens Beach Rd, Clarence Point (PID 7859977, Title Ref. 124498/1) in the West Tamar municipality.

In the currently exhibited West Tamar Draft Local Provisions Schedule my property has been rezoned as Rural. As all of my property is covered by the Shiny Grasstrees private reserve and has been identified by both the State and Commonwealth Governments for protection and conservation of the biodiversity it contains, it should be rezoned to Landscape Conservation.

In its representation, Conservation Landholders Tasmania has presented a detailed case for rezoning my property. I support their case and agree to my property being rezoned to Landscape Conservation.

Please acknowledge receipt of my representation.

Yours Sincerely

Richard Atkinson
