Subject: Rosny Hill

General Manager, Clarence City Council.

Dear General Manager,

I am in favour of Rosny Hill being zoned Environmental Management.
My reasons are;

1. It is an important green space for both the eastern and the western shore. Just as eastern shore residents look towards Mt. Wellington, we look towards Rosny Hill.
2. Many of the nearby green and open spaces in our cities are vanishing. Many people, my self included, are lamenting the loss of our low rise city as pressure from developers is placed on councils. This makes green spaces more important than ever.
3. I lament the loss of nature which comes with development. Nature is important for mental health and the reduction of heat banks formed by hard structures in urban development.
4. As the city lights up we are losing the view of the night sky, a privilege we have which many cities don't. We need dark spaces.

I urge the council to change the zoning of Rosny Hill to Environmental Management.

Thank you for reading my submission,

Kerry Johnstone
